FOR IMMEDIATE RELEASE

BROWN AND JOSEPH IS PROUD TO ANNOUNCE 10 YEARS IN BUSINESS

Brown and Joseph, Ltd. is pleased to announce 10 years in business with much growth and success along the way. Brown and Joseph was incorporated in 1996 with a start up capital of only \$5000.00 as a commercial collection agency, and is now exceeding \$10 million annually with no end in sight.

Chris Cappuccilli has been instrumental with this burst of growth. Having worked in business development for several conventional debt recovery agencies, consistently received requests for help from his clients that were outside of the normal company service offerings. Bringing this to his managers, he was denied the opportunity to expand the support to assist with his client's needs. Cappuccilli quickly assembled a group of Subject Matter Experts with extensive expertise in Finance, Credit and Collections, Quality Process Control, IT and specific trade experience in Advertising, Transportation, Insurance, Staffing, and Manufacturing and Brown & Joseph, Ltd. was founded.

Brown and Joseph is a full service collection agency. Our clients are comprised of some of the brightest and most progressive companies. Most agencies use a two-step recovery process which is the standard. Brown and Joseph is different in that we utilize a four-tiered process that goes beyond the normal and provides a more intelligent approach to the recovery process. Brown and Joseph has increased revenue recovery on primary and secondary placements, substantially reducing litigation costs and contingency fees, which have an immediate positive effect on our client's bottom line.

Brown and Joseph, Ltd. is proud of our substantial growth. 10 years in business has transformed a \$5000 in capital to \$10 million. We continue to advance and change to provide the best possible service for our valued clients. Our success will continue the next 10 years.
